

SELF-ASSESSMENT REPORT

2025 - 2026

G. GOKULRAJ
ASSISTANT PROFESSOR
DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Sri Ramakrishna Institute of Technology
Coimbatore – 641010

FACULTY SELF-ASSESSMENT

S.No	Parameter	Response	Points
1	Strategies for effective course delivery	• Outcome-oriented teaching aligned with course objectives • Practical and interdisciplinary learning approach (AI & Cybersecurity exposure) • Experiential learning through workshops and certifications • Project-based mentoring for real-time applications • Student engagement through technical discussions and guidance	5
2	Technology tools used	• Microsoft Learn (Machine Learning concepts) • HP LIFE (Agile Project Management) • MATLAB (via MATLAB EXPO 2025 exposure) • Cybersecurity tools (Reverse Engineering & Malware Analysis – OWASP) • Geospatial Intelligence tools (IIIT Sri City workshop)	5
3	Student feedback & remedial actions	• Difficulty in gaining real-time exposure → Participated in workshops and hands-on technical training • Lack of depth in cybersecurity concepts → Completed IIT Madras Cybersecurity Program and OWASP workshop • Need for industry-oriented skills → Completed Agile and Machine Learning certifications	6
4	Continuous assessment rating	• Promptness – 4 (Reliable) • Fairness – 4 (Reliable) • Constructive Feedback – 4 (Reliable) • Ability to Sustain Interest – 4 (Reliable)	3
5	Student-centric events	• Mentor – MUJ HackX 3.0 International Hackathon • Faculty Advisor – National Entrepreneurship Challenge (E-Cell IIT Bombay)	6

		• Active contributor – ROS Club activities • Mentoring student innovation projects • Participation in technical learning activities for students • Guidance for hackathon-based problem solving	
6	Innovative project problems	• Voice-Controlled Hand Glove System • Automatic Braking System • ROS-based implementation mentoring • Assistive technology-based solution development • Embedded system safety project	10
7	Industry interaction / internships	• MATLAB EXPO 2025 participation • IIIT Sri City – Geospatial Intelligence Workshop • OWASP Workshop – Malware Analysis & Reverse Engineering • BCBUZZ Cybersecurity Training	8
8	Conference/workshop proposals	• One-week FDP on Image Processing & Computer Vision (Dept. of CSE)	2
9	Research proposals	• RPS Fund Proposal – Voice-Controlled Hand Glove System and Automatic Braking System	3
10	Collaboration outcomes	• Mentorship Certificate – MUJ HackX 3.0 • Appreciation – E-Cell IIT Bombay • IIT Madras Cybersecurity Program participation • Industry exposure through workshops	4
11	FDP / Training attended	• Cybersecurity Capacity Building Program – IIT Madras • Agile Project Management – HP LIFE • Machine Learning – Microsoft Learn • Cybersecurity Foundations – BCBUZZ Technologies • MATLAB EXPO 2025	5
12	Continuous learning evidence	• HP LIFE Certification (Agile Project Management) • Participated in NSPC 2025 (National-level environmental competition).	3

		• Microsoft Learn Certification (Machine Learning) • Cybersecurity training and workshop participation	
13	Examination duties	• Hall Invigilation (semester exams) • Spoken Tutorial Invigilator • Lab Examiner (CSE courses) • Project Guide & Evaluator (final year projects)	2
14	Institutional contribution	• Active member – Admission Cell • Student admission counseling and coordination • ROS Club mentoring contribution • Support for hackathons and innovation activities • Contribution to institutional development initiatives	5
	Total		67

WEIGHTAGE _____ Out of 25

I certify that the information provided is correct as per the records available with the college and documents enclosed along with the duly filled proforma.

ANNUAL FACULTY APPRAISAL 2025–2026

COMPONENT ONE – FACULTY SELF-ASSESSMENT

1. Strategies for Effective Course Delivery and Organization

- Implemented Outcome-Based Education (OBE) aligned with course objectives
- Focused on practical and interdisciplinary learning (AI & Cybersecurity integration)
- Encouraged experiential learning through workshops and certification programs
- Promoted project-based learning with real-time problem solving
- Maintained student engagement through discussions and continuous mentoring

2. Technology Tools and Resources Used

- Utilized Microsoft Learn for Machine Learning concepts
- Completed HP LIFE (Agile Project Management) for structured project execution
- Gained exposure to MATLAB tools through MATLAB EXPO 2025
- Used cybersecurity tools (malware analysis, reverse engineering – OWASP)
- Applied knowledge from Geospatial Intelligence workshop (IIIT Sri City)

3. Critical Feedback from Students & Remedial Actions

- Students needed more real-time exposure
→ Participated in workshops and hands-on technical training
- Students lacked depth in cybersecurity concepts
→ Completed IIT Madras Cybersecurity Program and OWASP training
- Students required industry-oriented skills
→ Completed certifications in Agile and Machine Learning

4. Continuous Assessment / Feedback

- Maintained timely evaluation and feedback to students
- Ensured fairness and transparency in assessment
- Provided constructive, improvement-oriented feedback
- Sustained student interest through mentoring and guidance

- Overall rating: **Scale 4 – Reliable**

5. Student-Centric Events / Activities

- Mentor – MUJ HackX 3.0 International Hackathon
- Faculty Advisor – National Entrepreneurship Challenge (E-Cell IIT Bombay)
- Active contributor in ROS Club activities
- Mentored students in innovation and project development
- Supported hackathons and technical competitions
- Encouraged participation in skill development activities

6. Innovative & Real-Time Student Projects

- Voice-Controlled Hand Glove System (assistive technology)
- Automatic Braking System (safety-based embedded system)
- Mentored projects under ROS Club
- Focused on real-time implementation and problem-solving
- Encouraged innovation in embedded and automation systems

7. Industry Interaction / Internship / Student Development

- Participated in MATLAB EXPO 2025 (industry exposure)
- Attended Geospatial Intelligence Workshop – IIIT Sri City
- Participated in OWASP workshop on malware analysis
- Completed Cybersecurity Foundations training (BCBUZZ)
- Exposure to AI, Big Data, and Cybersecurity domains

8. Collaboration Outcomes

- Received Mentorship Certificate – MUJ HackX 3.0
- Received appreciation from E-Cell IIT Bombay
- Completed IIT Madras Cybersecurity Program
- Gained exposure through national-level workshops

9. FDP / Training / Immersion Programs

- FDP on **Emerging Tools & Techniques for Environmental Risk Assessment** (NIT Warangal – 40 hrs).
- FDP on **AI Tools for Teaching** (Kathir College).
- One-week FDP on **Image Processing & Computer Vision**.
- Cybersecurity Capacity Building Program (IIT Madras).
- MATLAB EXPO 2025 (Reinforcement Learning & Smart Appliances AI).
- Workshop on **Geospatial Intelligence** (IIIT Sri City).

10. Continuous Learning & Skill Development

- Completed HP LIFE certification (Agile Project Management)
- Participated in NSPC 2025 (National-level environmental competition).
- Completed Microsoft Learn certification (Machine Learning)
- Participated in multiple cybersecurity workshops
- Continuously updated knowledge in AI and security domains

11. Examination Duties

- Served as Spoken Tutorial Invigilator
- Acted as End Semester Examination Invigilator
- Ensured smooth and fair conduct of examinations

12. Institutional Contribution

- Active member of Admission Cell
- Contributed to student admission counseling and coordination
- Mentor in ROS Club promoting student innovation
- Supported hackathons and entrepreneurship activities
- Contributed to institutional development with dedication

13. RESEARCH & PUBLICATIONS

Scopus Publications

- “Deep Learning-Based U-Net Enhancement for Breast Cancer Segmentation” at SCI 2025 – International Conference on Smart Computing and Informatics.

- Brain Tumor Segmentation using YOLO Algorithm (ICEPE 2023).
- Efficient YOLOv8 Model for License, Helmet and Person Detection (ICPCSN 2023).
- Smart IoT Nutrition Alert System for Hydroponics (ICTMIM 2023).
- Person Detection using YOLOv8 (IEEE CSNT 2023).
